

**... continuous improvement
is our profession.**

increasing demands and requirements of your customers and of international norms regarding product, process and documentation frequently result in specifications and records, maintenance of which usually binds a lot of capacity.

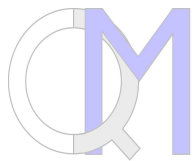

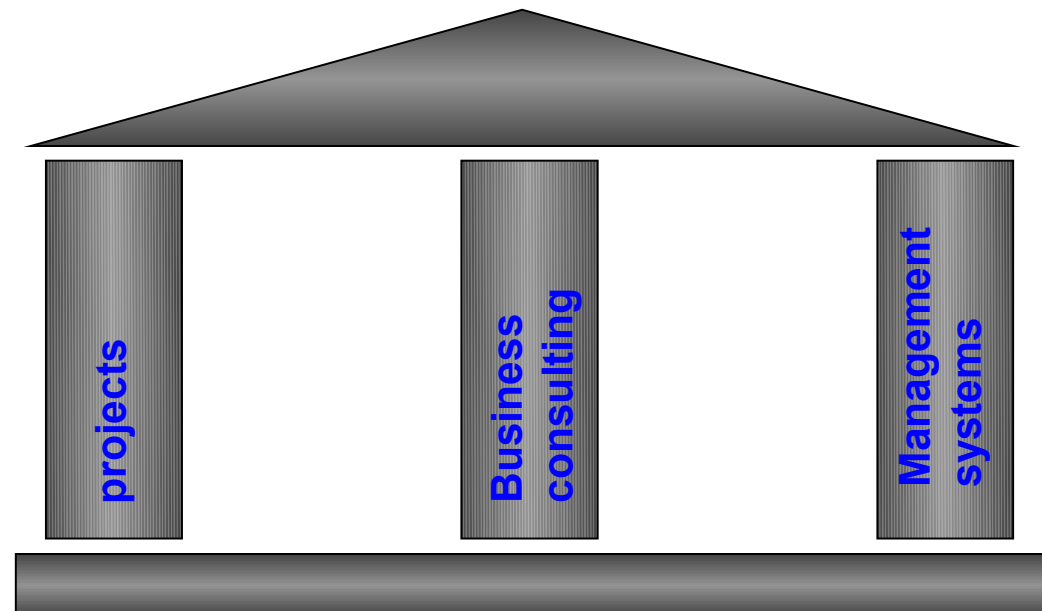

**Discharge your company
from these duties**

COORDT Qualitäts-Management assists you in a professional and experienced manner, whenever quality, economy and knowledge need to be used as a tool for your success.

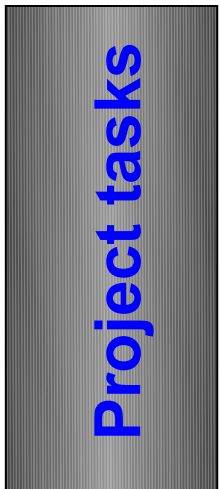

COORDT Qualitäts - Management

Offers professional services in three areas:

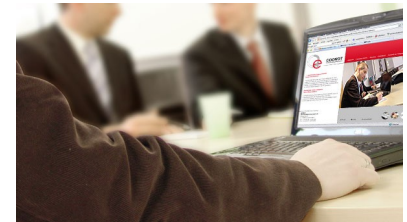

Project related tasks:

Unexpected work load, project related tasks, special situations:
We can help you to get hard jobs done, using experienced and skilled staff members, e.g..
